Nice to have you here.

Now I may welcome you in the 24th year, that's longer than many marriages last. I am very pleased, because since the first greeting, I am also 24 years older now.

In 24 years happened a lot, a hobby became a profession, a profession became a vocation, two person (greetings to my former girlfriend, now wife) became a family with 20 employees, a garage-collection became a collection of three warehouses meanwhile.

First 120 articles were available, now more than 16.000, 150 packets per year became 40.000, and 100 customers became 27.000.

We never dreamed of the great success and at this point we would like to thank you for your confidence. Without you it would not have been possible.

How to say, I am the work-distributor, but you are the employer. You are the employer with the love for classic cars and this work I like to distribute to my colleagues who also have not lost the affinity for French car culture in 24 years.

Especially in the present fast times, where a new car has a manual of more than 300 pages, we are always and everywhere available, we constantly have to learn new, resistance be replaced by something new, we are always and everywhere filmed, we can reach friends everywhere in the

world, it's not allowed to smoke everywhere, we can smoke electrically, we destroy values, but also create new values, we get older, we may be alone again, we are in love again, or we are still in love (you probably forget it sometimes), the children grow older, the children are grown, the children think the cars of our youth are un-cool, the children think the cars of our youth are cool, a smart phone and the internet are more important for young people than genuine social contact, where there are hardly any secrets left. The list could be continued endlessly.

Yes, in these times, I think it's really nice that there are so many crazy people like me. People who think the old cars are great, in which they get to rest, in which they spent the youth, kissed the first love, sometimes drank too much, which they cursed, which they love, which they could repair themselves.

Also in future we will do everything possible to ensure that your treasure stays rollable. There were never more spare parts than today.

Finally a little story:

In March 2011, I sat with my older brother and a good friend at dinner. And the good friend (greetings to Markus) introduced his iPad to us. I immediately tried out the cool technology to look for vehicles in the internet. We all drank too much, so we looked up the first car of my brother for fun. And found something suitable. An Austin 1100, no one knows, no one wants it (in Germany) and it was only one to find. The eyes of my brother shone, although he is not interested in cars at all. So he bought the car without further ado for nearly 2.000 Euro. Now, end of 2011, the Austin is back on the road and my brother is grinning all day. Miraculously the 51 years of life shrunk to 18. This is called regeneration.

With rusty and kind regards

Ansgar & Stephanie Olberding

Orders:

You can order via telephone, mail, fax or through the internet (on-line). For a smoothly flow it would be great if you have your customer number and of course the article number(s). We are available on the phone from Monday to Friday from 09:00 till 13:00 o'clock and from 14:00 till 17:00 o'clock (MEZ).

Internet:

With www.franzose.de you dive into our online-world.

By the way, in our online-shop you see immediately if articles are available or not. Also the qua-

lity classification as well as the needed quantity are announced there.

You will always find the news first in our online-shop. Of course our shop is completely encoded – Your data are absolutely safe! Much fun with surfing!

Methods of payment:

You can pay with credit card, PayPal or payment in advance.

Shipping:

Basically we send with DHL (German Postal Service). Big articles (engines, chassis) are send with a forwarding agency. We don't charge packing costs or handling-allowance. For your safety all packets / shipments are insured. You have to pay these costs (about 0,92% of the merchandise value). If any discrepancies occur please call us. We solve the problem.

Deposit:

To insure that specified articles are further available we are reliant on the return of old parts. We credit the deposit amount after receiving the old part via cheque, bank transfer, credit card or PayPal.

Catalogue:

Separated in 14 construction groups / chapters and splitted in categories you will find fast and exact the article you are looking for. Additional to the standard data we also print the quality estimation (school grades) as well as the needed quantity for one vehicle in our catalogue. If there are still questions please do not hesitate to mail or call us. We are glad to help. We work a lot with sectional drawings in the 2CV-catalogue. Articles which are not mentioned are unfortunately not available.

Copyright:

©2012 Der Franzose Automobiltechnik GmbH - Reprint and the further distribution (print, copy, internet, digital media, aso.) also in extracts, only with acceptance. Violations will be chased by criminal and civil law. The layout of the catalogue and our webpage are only to copy and to use with advanced allowance. All here used brand names are owned by the respective owners. All rights reserved.

Quality:

0= New old stock

(new original part, but partially up to 40 years stored, maybe flight rust)

1= better

(improvement of the original part)

2= original

(original part)

3= good reproduction

(reproduction – good quality, like the original)

4= reproduction

(reproduction – not as good as the original part, but good)

5= reproduction bad

(reproduction – much worse than the original part)

Important:

All prices are in Euro incl. VAT! Errors and omissions excepted. This catalogue and the included descriptions and prices are arranged with much accuracy. Der Franzose does not take over neither guaranty nor juristic responsibility, nor any liabilities for using these information. All drawings are without engagement. We are not able to take over any liability for possible misprints, technical changes of the goods or continuing ability to deliver all goods.

Nowadays nothing is as attentively observed as the internet presence of a company. Because it became a great business card. We are already more than 15 years online and develop our shop constantly. The clear optic makes navigation very easy, all products can be found fast, news you will find with one click. And with a personal customer account you can order quickly.

Guarantee: We will never share your data, you will never receive any advertising by third parties! All data are transmitted in encrypted form – don't be afraid. Your details are absolutely safe!

It's not needed to enter your address data for the following orders. You can see all previous orders in the customer center.

Our shop is available in three languages. German, English and French.

We look forward to your online-visit"

Your advantages of our web-shops

Easy:

Easy navigation

In the webshop you can find the article you are looking for easily. It's the same structure as the printed catalogue. You can browse day and night!

News:

The current news

Online you have immediate access to all new products of each type of vehicle.

Informative:

All information on a glance

You can see right away for which car the article fits. The traffic light system shows you if the product is available.

Convenient:

Your personal customer-center

In the customer center you have always the exact track of your previous orders. Also it's not needed to enter your address data for following orders.

Safe:

All data are encrypted

We assure, that we will never share your data with third parties. Of course the data transmission is 128-Bit-encoded.

Fast:

We send with DHL

DHL delivers the packet as fast as possible.

Confidence:

Der Franzose Automobiltechnik is one of the best companies in Germany.

Der Franzose Automobiltechnik is one of the best 3,3% companies in Germany. The Agency Hoppenstedt awarded us with the top rating certificate 2012. This was given in January to only 3,3% of the 4.5 million German companies. The Hoppenstedt Kreditinformation GmbH in Hamburg, rated 4.5 million companies on a scale from 1 to 6 in the area of credit-worthiness. With a solvency index of 1,2 and the judgment of "excellent" Der Franzose belongs to the 150.000 best-rated companies in Germany. In the so called CreditCheck is confirmed, that Der Franzose Automobiltechnik GmbH documented this result primarily through an excellent display in the area of finance and its structured business processes, so Hoppenstedt managing director Tobias Huchzermeyer. This positive assessment gives our suppliers and customers the security to have a reliable partner on their side.

Used part deposit, what's that?

A lot of spare parts are no longer completely new fabricated. So special companies take back used parts to disassemble them. This single parts are going to be cleaned and lacquered , all flexible parts and pistons going to be renewed. After assemble them again, the parts are as good as new again. However, we don't have so much used parts as we need and that is why we work with "used part deposit".

For example: A distributor sends us a renewed brake calliper. Excepting the base price, we have to pay 50 Euro used part deposit for this pNo.

If we send back a suitable brake calliper, the distributor repays the 50 Euro.

We are also using this method: If you buy a spare part which is afflicted with used part deposit, you have to pay the selling price and the deposit. By sending back the replaced old part, you'll get back the deposit (just if the old part is qualified for an overhauling).

Oil Pressure

After a winter break please pull the plus cable out of the ignition coil .

Then let the engine turn a little while until it build up oil pressure (the oil pressure light disappears). Only now start the engine, your car will be grateful for this.

Engine oil

Engine oil is very important for the engine. However the best oil is not also the best for your car. Especially in vintage cars other seals and fittings are obstructed. Modern engine oil (synthetic oils) implies a lot of cleaning additions and they can destroy the seals. Furthermore, these engines oils have a low viscosity, so the oil fog cannot cling to the bearing shells.

That means, every time you start the car, the engine runs a short time without oil.

So always use normal oil or even better, use special vintage car oil.

It's better for the engine to change the oil more often instead of using high-tech oils.

FRENCH AUTOMOBILE CULTURE

Hausmesse + Young- u. Oldtimertreff - Citroën • Peugeot • Renault

always the third weekend in September

Meanwhile it's tradition that we invite all our customers and every classic and vintage car enthusiast to visit us here in Vechta at the third weekend in September.

On two days you could expect a varied program, amusing entertainment and of course a lot of old and new vehicles..

You can look forward to:

Fantastic vintage cars

Conjointly trip with the vehicles (about 2 hours)

Live-Music / Bistro - Carnival barker

Competitions - Vehicle-presentation

Biplane-flight - - Lots of other vintage car fans

Dimensions of control unit : 101 x 50 x 109mm
Power 10. – 14.4 Volts DS
Output Power 4 x 50 watts max. @ 4 Ohm
Power consumption max. 15A
Standby current <0.0035 A
Speaker impedance 4 – 8 ohm
Preout 2.85 volts

Measurements:

depth 136mm - height 51mm - 101mm mounting width
27mm deep front - 38mm front height - 89mm width front

„Trinket“-Radio:

18544 - 249,-- €

18538 - 344,90 €
with „frills“

18541 - 249,-- €

18535 - 344,90 €
with „frills“

18542 - 249,-- €

18536 - 344,90 €
with „frills“

18543 - 249,-- €

18537 - 344,90 €
with „frills“

18545 - 249,-- €

Equipment without “frills”:

- AM / FM RDS tuner with 30 station presets
- RDS functions for displaying the station name or song text
- Integrated 4 x 50 watts RMS / 4 x 100 watts peak amplifier
- Patented “InfiniMount” holders
- Adjustable viewing angle of the revised LCD displays
- A perfect match with the interior design of the classic car
- Electronic clock
- Four tone settings and adjustable bass / treble / fader and balance settings
- Loudness function
- Inputs: AUX input 3.5mm jack (iPhone / iPod etc)
- Outputs: 4-channel preamp output (front, rear)
- Separate antenna and amplifier circuit

Equipped with “frills”:

- as above plus
- Plays MP3, WMA files on the external USB / SD card reader (50cm cable length)
- Wireless remote control with up to 5 meters range (therefore hidden installation possible!)

Love goes through the car!

We are looking for the best, most original, funniest or daring vintage car photo.

Send us the most amazing photo with your vehicle and you have the chance to win:

1st prize Voucher of 250,00 Euro
2nd prize Voucher of 100,00 Euro
3rd prize Voucher of 50,00 Euro

The winning photos will be published in our
Der Franzose - Calendar 2013.

And who knows,... maybe you will soon be able to tell your friends:
Look, this is my car in this calendar.

Motives? Everything you like - everything that's fun. We look forward to your picture!
Looking for suggestions? No problem:

R4 in lavender field, Peugeot 404 at the lake, Dauphine in the mountains, Mehari at the pool, 11CV in the city, DS at night – just the way you like it. We look forward to your picture.

The calendars will be presented on the Franzosen-Treff on 15th + 16th September in Vechta. And every driver (of Youngtimer or vintage car) gets a calendar for free!

To be able to print your picture we ask you to follow a few rules:
Format: please use landscape format, the file type jpg and minimum 300 dpi.

And of course, some small comments to the picture - when, where, vehicle type, year of building, etc

Thank you....

Last date for entries: 01. August 2012
